### Key Topics

**Cosmopolitan Localism  
Relationship to Place  
Futuring  
Scenario Planning  
Long-term Thinking  
Narrative & Storytelling**

The Transition Design Bibliography contains references and links to texts relevant to the emerging field of Transition Design and has been organized into categories that correspond to the four areas of the Framework. Many texts are naturally relevant to more than one area. Key topics have been listed in the margin of each section to provide an overview of the territory covered by the texts.
